ECOMMERCE OFFERS

MISTAKE 01 / 05

DISCOUNTING BEFORE YOU DO THE *math*

– full price $40, you keep **$15**

– 30% off, $28, you keep about **$4**

a 30% discount leaves you about 75% less per order, so your ads have to work about 4 times as hard...

MISTAKE 02 / 05

% OFF THE WHOLE *store*

a sitewide discount pays people who were going to buy at full price anyway...

- ✕ your regulars buy at 30% off
- ✕ your best sellers sell cheaper
- ✓ discount one offer, not everything

MISTAKE 03 / 05

FORGETTING ADS COST MORE IN *November*

every brand bids in the same week, so each click and each customer gets pricier...

with about $4 left per order, there is no room to pay for that.

example numbers

MISTAKE 04 / 05

NO OFFER EXCEPT A *discount*

— 30% off one bag, you keep about **$4**

— 3 for $80 + a $3 gift, you keep about **$26**

more in every box, not a lower price on one. the customer still feels the deal...

MISTAKE 05 / 05

FORGETTING THE THANK-YOU PAGE AND *January*

the Black Friday buyer is the cheapest customer you will ever sell to again...

01 one offer on the thank-you page

02 one email in January with a reason to come back

run the
